

Honoring Our Past.

Creating Hope for the Future.

National Crime Victims' Rights Week APRIL 7-13 2019

The Jefferson Area Victim Assistance Coalition is hosting a family-friendly **FREE** "Community Day" event in observance of the 2019 National Crime Victims' Rights Week. This year's national theme is: **Honoring Our Past. Creating Hope for the Future.** This theme celebrates the progress made by those who have worked in the field of victim services in the past as we look to a future of crime victim services that is even more inclusive, accessible, and trauma-informed. We invite you and your families to participate in this event to highlight the services provided to the community and to victims of crime. This is family-friendly as well as a trauma-informed and victim sensitive event. We look forward to seeing you there!
